

Changes to Departmental Information

Admission-Undergraduate

Reinstatement and Readmission

Addition of text to the first paragraph.

Undergraduate students who have not registered for courses for one or more semesters, or who have been academically separated from the university and who wish to re-enroll must file an application for reinstatement/readmission with the Office of Admission. An official transcript from all colleges attended (if any) since last enrolling at BSU as well as a personal statement explaining the circumstances of separation/non-enrollment must be submitted with the application while meeting the above published priority deadlines for transfer students. **On-campus housing is not offered to reinstated or readmitted students. Students seeking on-campus housing may add their name to the residence hall waiting list but will only be considered if space becomes available.**
